

LEGISLATURE'S WORK CUT OUT

Many Important Measures Will Be Brought Up in That Body This Week.

AD VALOREM TAX

The Assembly Will Have Much Lobbying To Contend with in Passage of Freight Bill.

(Special to The Gazette.)
Madison, March 10.—With both the important railway measures before the legislature, and the ad valorem tax bill already passed the assembly, the railroad lobby will get busy in earnest this week. Not that the lobby has been idle, but most of the work thus far has been of the quiet sort which, while often most effective, does not and is not designed to attract marked attention. This week, however, the argumentative contest will be on, before the committees, and the best legal talent in the employ of the several companies affected is expected to be on hand.

The bill providing for taxing railroads on the ad valorem system went through the assembly with the same celerity as did the primary election bill, but with the difference that not a single vote was recorded against it, either when it was ordered to engrossment and third reading, Wednesday, or when it was finally passed Friday morning, 87 "ayes" responding to the roll-call, while 13 members were absent. Senator Whitehead's argument for the postponement of the primary election bill having been the importance of the taxation measure.

Want Amendment
Efforts will be centered on securing the amendment of the bill, more especially in regard to the make-up of the commission which is to determine the value of railway property in the state. The main argument in the brief presented by the Wisconsin Central, which does not oppose the ad valorem system, is that this commission should be made up of one member from each congressional district. This differs from the plan proposed by Mr. Bradford in the assembly, which was to have a board for the same purpose, composed of three persons, one elected by the people, one appointed by the governor, with the approval of the senate, and one appointed by the supreme court.

While the senate is wrestling with the ad valorem bill, providing for the appointment of a state railway commission with authority to fix maximum rates. This bill, the preparation of which was begun in the first days of the session was not introduced until Friday just before the lower house passed the ad valorem bill up to the senate. As was predicted, the bill in its main provisions follows the Iowa law, with some changes as to details. Under it the commission is to take hold at once; the railroad commissioner is to be one member, the other two being appointed by the governor, for terms of four and six years respectively. Then, beginning in 1904, one member is to be elected by the people each two years. The commissioners are to draw salaries of \$3,600 annually, and each is required to furnish a bond in the sum of \$20,000 for faithful performance of his work.

Chairman Gilman of the assembly railroad committee says the railway people will be given every opportunity to be heard on the bill. A thousand extra copies have been ordered printed, and it is not probable that the committee will finish its work with the bill and report it back to the assembly before week after next. The railroads are expected to put up their hardest fight to secure the defeat of this measure. Without it, and with the ad valorem bill passed, and their taxes increased, they would be in a position to merely increase their freight rates and tell their patrons that they are obliged to do so on account of the increase in taxes. But with the control of rates placed in the hands of a state commission, this would be an entirely different proposition. Considerable doubt is already being expressed as to whether the bill will pass even the assembly, where the administration men are supposed to be in full control. Failing this, it is likely to become the leading issue in the next state election.

TREASURES IN EGYPTIAN TOMB

American Explorer Makes Wonderful Discoveries in the Tomb of King Tothmes IV.
(Special By Scripps-McLain.)
London, March 10.—Mr. Davies, an American explorer has made some startling discoveries in the tomb of Tothmes IV in Egypt which he has recently been investigating.

TO HELP MINERS

Glasgow Federation Give Moral Aid To Australian Brothers
(Special By Scripps-McLain.)
Glasgow, March 10.—The miners' federation may order a strike of seventy thousand miners today in support of the strike of the South Wales miners.

LITTLE DONE AT MORNING SESSION

Legislature Meets and Holds But a Very Short Business Meeting.

(Special to The Gazette.)
Madison, Wis., March 10.—A bill providing for immunity for any person who turns state's evidence in a bribery case was killed in the assembly today after three hours debate. The sessions of both houses were short and no bill of much importance was passed on.

RAILWAY BILL

The Railway Taxation bill was taken up by the senate committee on assessment and collection of taxes today. Attorney George R. Peck of the Milwaukee road, Bowers of the North-Western and other prominent railroad men are here to oppose the bill.

COREA REFUSES CZAR'S DEMAND

Hermit Kingdom Refuses to Give Russian Railway a Permit.

(Special By Scripps-McLain.)
(Special By Scripps-McLain.)
Tokio, March 10.—Corea has refused to give Russia a concession to build a strategic railway through its domain as the Russians had planned.

JAPAN SAYS IT IS PURE ANARCHY

Believes That the Rebellion in China Is Simple Anarchy.

Paris, March 10.—The Japanese minister at the court of St. James has made the announcement that the revolt in China is more in the nature of anarchy than anything else that has occurred for some years past and that it is very far reaching.

WAR REVIVED IN SOMALILAND

British Forces in East Africa Driving the Mad Mullah Army.

(Special By Scripps-McLain.)
Aden, Arabia, March 10.—War has been renewed in Somaliland and the English forces are driving the army of the Mad Mullah before them.

ENGLISH PARTY SEES THE POPE

Duke of Norfolk and English Pilgrims Converse With His Holiness.

(Special By Scripps-McLain.)
Rome, March 10.—English pilgrims, headed by the Duke of Norfolk and his suite, were presented to the Pope today. His holiness looked better than he has since his recent illness. He expressed gratification at the expressions of faith and loyalty.

STATE NOTES

The Oshkosh republican city convention has been called for Saturday, March 21.

The milk dealers of Sheboygan have raised the price of cream to 40 cents a quart.

The receipts from the university circus at Madison were over \$600 and the expenses about \$100.

Pasquale Salvatore died from injuries received in an explosion in the Cory mine near Hurley.

The farmers near East Troy have organized the East Troy Creamery Co. with a capital stock of \$5,000.

A piece of iron on the track wrecked a train on the Peerless road near Ashland, the trainmen escaping injury.

Fifty farmers attended the meeting held in Kenosha to complete plans for the establishment of a pickle factory.

Mr. and Mrs. W. W. Clarke celebrated their golden wedding anniversary at Fond du Lac with a reception and ball.

Former state superintendent, L. D. Harvey gave an address before the Menominee Advancement association on the Menominee schools.

Manufacturers along the Fox River have been granted full flow of water over the Neenah dam in anticipation of the spring freshet.

Saddle Volks of Kaukauna was struck by a North-Western train and hurled thirty feet, narrowly escaping being crushed under the wheels.

In a fit of despondency Peter Gutter of Alban, near Amherst, took a dose of horse liniment and death resulted before assistance could be rendered.

Owing to an epidemic of smallpox at North Freedom, near Baraboo, the board of health has ordered all schools closed and has prohibited public gatherings.

A woodsman giving his name as Isaac Sears of Ironwood has reported to the Oshkosh police that he has been robbed of \$100 by a woman of the town with whom he had been drinking.

A petition for the incorporation of the village of Granton, located eight miles east of Neillsville, was presented to Judge O'Neil and an order made submitting the question to a vote of the people of the village.

The proposal of some of the towns of the county of Winnebago to give bonuses to the proposed interurban railroad between Omro and Berlin has been shown to be illegal by the ruling of District Attorney Carl Jackson.

PLAN MONSTER MASS MEETING

A Public Demonstration, Regardless of Party Affiliation To Be Held Saturday Night

TO CHOOSE TICKET

An Independent Ticket Will Be Submitted for the Approval of the Citizens Present.

Saturday evening every citizen of Janesville who is interested in pure city politics, and in the placing of good reliable men in the responsible places of the city government, will have an opportunity to hear the matter fully discussed at a mass meeting at the opera house. This meeting is open to all citizens regardless of party affiliations and will doubtless be well attended.

Call Is Issued
This mass meeting is called after a conference held Monday evening between the committee of the Municipal League and the city committee of the republican party. An invitation had been issued to the members of both the republican and democratic city committees to meet with the league committee to discuss ways and means for the spring election, but the republican committee was the only one that was present. This does not mean that there will be a democratic ticket in the field but simply that the members of the democratic city committee did not attend the conference.

At the Opera House
The meeting will be held at the Myers Grand opera house. It is called under the auspices of the Municipal League after the consent and recommendation of prominent citizens of both parties and the approval of the republican city committee had been secured. It is an open meeting and questions of vital importance to every taxpayer and citizen will be discussed. Every one is to be given a chance to air his views and tell what he considers best for the welfare of the city.

Possibly Nominations
It is probable that the meeting will result in the formation of an independent ticket party which will place a ticket in the field without doubt a full ticket will be presented to the meeting for their approval.

Its Importance
This meeting is one of the most important that has been called in this city for some years. It means the merging of parties for the election of a municipal ticket and the placing in nomination men of prominence for important positions regardless of whether they are republican or democrat.

The League Meeting
At the league meeting held last evening the committee of the league met with the republican city committee and prominent citizens and fully discussed the situation. The plan of calling a mass meeting was approved by all and plans for an active spring campaign were formed. Saturday evening names of prominent citizens will be presented to the meeting as men who are well worth the positions they are spoken for and the approval of the citizens of Janesville will be asked to further the work of purifying the politics of the city government.

COAL COMBINE PLANS TO BUILD RAILROAD

Proposed Line Is to Run From Pittsburgh to Cleveland, Where Dockage Is Secured.

Pittsburg, Pa., March 10.—Another railroad line from Pittsburgh to the lakes is in prospect. It will carry the millions of tons of coal from this region to the docks and piers of the Pittsburgh coal company near Cleveland. It will be owned and operated by the railroad coal combine, with general offices in this city.

The lack of railroad facilities during the past year prevented the Pittsburgh Coal Company from marketing several million tons of coal in the northwest and along the great lakes and this condition has precipitated the present scheme.

It was learned in Pittsburgh that the big corporation had gone so far in the railroad project that surveys have been made for a line. The lake terminus, it is said, will be south of Mentor Marsh, on Lake Erie. The location is specially adapted for extensive coal docks, and a Cleveland dispatch states that the financial men behind the coal combine have already secured six large farms at that point to form the basis for its terminal, coal docks, shops and other equipment.

SEARCH IS STOPPED

High Water Causes Abandonment of Search for Bodies in Hudson

(Special By Scripps-McLain.)
Glen Falls, N. Y., March 10.—The river is so high that the search for the victims of the Spier Falls disaster has been stopped. All hope for the missing men is given up. The death list is now eighteen.

MEET TO PLAN FOR REST HOME

Definite Work Is Outlined for the Meeting of Women To Be Held at City Hall.

WILL INCORPORATE

Association To Be Formed, Officers and Directors Elected, and Other Steps Taken.

It is probable that the association which will have charge of the rest home, which public spirited citizens are planning to establish in this city, will be incorporated under the laws of the state of Wisconsin. This must be done to enable the association to hold property and it will doubtless be deemed advisable to incorporate at the time of organization. At least the furniture for the rest home will be owned by the association.

The women of Janesville are urged to remember and to attend the meeting which is to be held in the city hall on Wednesday afternoon at half past three o'clock for the purpose of organizing this rest home association. The help of every woman who has the welfare of the city at heart is desired in this movement and it is hoped that there will be a large attendance at the meeting.

Several Speakers
Mayor Victor P. Richardson will address the ladies on the desirability of establishing the rest home, viewed from the standpoint of the city's interests. The meeting will also be addressed by the Rev. J. T. Henderson, A. E. Matheson and others who have been interested in the project for some time past.

Rev. Robert C. Denison will also present some practical plans for the organization. The plan which Rev. Denison has in view is for the ladies to form an association for the purpose of establishing and maintaining a rest home for the free use of the farmers families and others who come to this city to trade. The association formed, the business before the meeting will be the election of officers and of a board of directors. This practically covers the business that will be done at Wednesday's meeting.

Club May Help
It is also probable that the Social Union club will be asked to co-operate with the women in this movement taking up that part of the work which has been assumed by the Forty Thousand Club of Madison in connection with the rest rooms in that city. This will relieve the ladies of the burden of financial responsibility and several prominent members of the Social Union club believe that a request for assistance from that club will be met by a ready response. It is a project which will doubtless appeal to this club of young business men as a work which it is worth their while doing.

AWFUL CYCLONE

Australian Town Is Visited By Frightful Disaster This Morning

(Special By Scripps-McLain.)
Brisbane, Australia, March 10.—A cyclone struck the town of Townsville today, causing death and destruction. The hospital collapsed and a number of patients were killed and injured. Many buildings were destroyed and hundreds were left homeless.

MAYOR CRAWLS IN MUD TO AVOID ACCIDENT

New Official of Hancock, Mich., Has Peculiar Experience on Day of His Election.

Hancock, Mich., March 10.—Hancock decided to incorporate as a city, elected A. J. Scott and forced the newly elected mayor to crawl on his hands and knees through a muddy street to escape being run over by a fire engine, which was called out on a false alarm turned in from the house of Henry L. Baer, the defeated candidate for mayor. Several persons were knocked down by the horses and the engine, but none severely hurt.

The citizens of the village of Hancock cast 767 votes in favor of incorporation as a city and only 150 against the project. Scott, an independent candidate, received a majority of 158 votes over Baer. The total vote for mayor was 1,055.

At dark the streets were full of men and women who were shouting for joy and ignoring the sidewalks. Then some one turned a fire alarm from Baer's house. The fire horses became excited on account of the yells of the people and rushed into the crowd.

Mayor Scott was caught in the crush, and, taking to his hands and knees, crawled over a muddy pavement for several yards to the sidewalk. Others who refused the mud bath were forced into the mire by the rush of the fire department. The hilarious celebration came to an end with the accident.

Lindsay Waters, an Appleton grocer has received notice that, by the death of his uncle, Charles Waters of Stratford, Wilts county, England, that he is one of the heirs to an estate inventoried at upward of \$100,000.

LOOKS SERIOUS IN COLORADO

Strikers at Colorado Springs Continue to Annoy Soldiers Sent to Guard the Property.

(Special By Scripps-McLain.)
Colorado Springs, Col., March 10.—The first trouble as a result of the smeltermen's strike occurred last night when sentries around in the hills were fired upon by unknown men stationed in hills. Nobody was injured. A squadron of cavalry searched the hills, but found none of the firing party. A number of fights between the strikers and soldiers, deputies and non-union men earlier in the evening were had, but none resulted seriously. In anticipation of a rush by the strikers the guard around the hills was increased.

BULGARIA HAS CABINET CRISIS

Minister of War Resigns Because He Could Not Spend a Million Dollars.

(Special By Scripps-McLain.)
Sofia, March 10.—The minister of war has sent in his resignation because his colleagues refused to sanction the expenditure of a million dollars for war material.

ENGLISH NAVY IS TO BE INCREASED

Nearly Eight Millions Will Be Expended in Refitting and New Boats.

(Special By Scripps-McLain.)
London, March 10.—The annual budget for the English navy will reach nearly eight hundred millions of dollars. The entire number of vessels will be renovated and also several new ones will be built the plans for which are now being drawn.

ZOLA'S LIBRARY IS TO BE SOLD

Books and Pictures of the Late Frenchman Are To Be Publicly Disposed Of.

(Special By Scripps-McLain.)
Paris, March 10.—The library and public pictures of Emile Zola have been offered for sale at a public auction. They are valued at ten thousand dollars.

LADRONE HUNT NEAR MANILA

A Force of Thirteen Hundred Scouts Keep Up the Ladrona War.

(Special By Scripps-McLain.)
Manila, March 10.—A force of twelve hundred native police have begun a series of hunts for Ladrones near the city of Manila.

TELEGRAPHIC BRIEFS

J. P. Morgan, accompanied by a party of friends, arrived at Brunswick, Ga., and later left for Jekyll Island to spend several days.

The sultan of Morocco has recently purchased an estate in England and has deposited large treasures of gold and jewels in a London bank.

The Orpheus society, the oldest German singing society in New England, and one of the oldest in America, celebrated its fiftieth anniversary Monday.

An auction sale of the collection of pictures, sculptures, miscellaneous art objects, books and manuscripts which belonged to the late Emile Zola has been begun.

Mrs. Edward Haver, who was tending bar in her husband's saloon at Butte, Mont., was attacked by a crowd of miners with whom she refused to drink, and she shot and killed Michael Keating.

One hundred relatives and friends of Miss Margaret Cumerford of Newark, N. J., intend to give up a portion of their cuticle to supply 300 square inches of skin for the girl who was seriously injured in the collision at the Clifton avenue crossing.

The next Ziegler north pole expedition will carry among its crew three deserters, said to be from the United States revenue cutter Samuel Dexter, stationed at New Bedford, Mass. After the party had started it was discovered that three of the cutter's men had deserted.

A snow plow which was being transformed from one section of the Old Colony street railroad to another at Fall River, Mass., became unmanageable at the top of the steep hill and dashing down, crashed into two cars loaded with passengers. Both of the passenger cars were completely demolished and more than a dozen persons sustained severe injuries.

As a result of the favorable report of Cardinal Satolli, prefect of the congregation of studies, the congregation of the propaganda has decided to propose to the pope that he appoint Mgr. Conaty, former rector of the Catholic university at Washington, as the bishop of Los Angeles, Cal., in succession to the Rt. Rev. George Montgomery, recently appointed coadjutor archbishop of San Francisco.

Babies Burn to Death.

Elmira, N. Y., March 10.—The Anchorage was the scene of an awful fire which resulted in the death of three babies, who were asleep in their cots.

OLEAN HORROR NOW INCREASES

Ten of the Seventeen Dead Bodies Recovered Are Identified.

TOTAL NOT KNOWN

It Is Believed That Many Were Burned Up Entirely—Seven Are Dying.

(Special By Scripps-McLain.)
Olean, N. Y., March 10.—Search for the bodies of the victims of last night's oil horror at East Olean continued through the night without any additional number of dead being found to those already reported and brought from the scene of the disaster immediately after the fire started.

Ten Identified
Of the seventeen bodies thus far recovered ten have been identified and they are M. V. Driscoll, Walter Swift, John Stemmlinger, Harry Godden Norman Brown, Thomas Fitzpatrick, John McMahon, Richard Connell, John Tobin, and Wm. Ready.

Many Awfully Burned
A number of the bodies at the morgue are frightfully burned and no sign or mark can be found to identify them. It is thought that some will never be fully identified. The total number of dead may never be known and there is doubt now as to the total number of persons in the explosion.

Number Missing
There is no way to determine just how many were at the scene of the explosion or how many were burned or were thrown into the creek and washed away down the stream thirty or forty miles. Many bodies doubtless were completely burned so mark at all being left.

Few Slept
Few persons in the town of Olean slept last night and the whole city was out searching for the remains and bodies of the dead and dying and the creek for miles was dragged to prevent any remains from drifting away. The scenes at the morgue were heartrending.

Seven More
Of the wounded in the hospital seven more are on the verge of death by night.

FLOODS REPORTED FROM ALL PARTS

Mississippi River Is Way Up—Platte River Also Rising.

(Special By Scripps-McLain.)
Memphis, March 10.—The Mississippi river is now five miles wide here. Hundreds of people on the lowlands the seeking places of safety. A great number of factories are in danger.

At Cairo
Cairo, Ill., March 10.—The river here is rising at the rate of two feet in twenty-four hours. Traffic is abandoned on the Iron Mountain railroad, the tracks being under water. Other roads are threatened with similar conditions.

On The Platte
Omaha, March 10.—The Platte river and the smaller streams in Nebraska are overflowing their banks and causing an immense damage. Many towns are flooded. Railway and wagon bridges are swept away. Much stock is drowned. Railroads are badly crippled. Two casualties have been reported.

READY FOR FLOOD

Evansville People Fear High Water Is Coming

(Special By Scripps-McLain.)
Evansville, Ind., March 10.—Residents of this city are taking every precaution to prepare for the highest water ever known here. The river is now over forty-two feet and is still rising. Every incoming steamer brings stories of thrilling escapes of people in flooded districts. No loss of life is reported, but great property damage has been done.

SEES DISASTER FOR AMERICA

London Times Declares the United States Has a Period of Economic Depression to Undergo.

London March 10.—The London Times sees economic disaster ahead for the United States. In its article this morning it says:

"The mysteriously large reductions of net deposits effected in the last quarter of 1902 have been the result of transfers of indebtedness to European capitalists, who were ready for a handsome consideration to take over for a time these attempts to put off the evil day when the United States business world will have its own that it has bitten off more than it can chew."

The Times says that during the last three or four years the United States has had more success than would have been possible in the case of any other country, adding: "No country can show contempt for sound business rules with impunity, and the impunity apparently enjoyed by the United States for the disregard of the laws of economics, which is a consequence of that country's youth, more amounts to delay in the day of reckoning for, each occasion, of economic debacle."

LOCATION HERE IS NOT DECIDED

VEGETATO COMPANY MAY GO ELSEWHERE LATER ON.

DEPENDS ON THE CITIZENS

Frank Bunyan Talks of the Plans of the Company for the Future.

"Whether our factory will be permanently located in Janesville depends somewhat on the way the people of the city treat us," was the statement made by Frank Bunyan, manager of the Concentrated Flaked Potato food company.

Mr. Bunyan went on to explain that in its present form the plant is only experimental in its purpose, the company has never been incorporated and no permanent arrangement has been made for the building now occupied. Janesville was fixed upon as a site conveniently located midway between the source of supply and Chicago.

Only Experimental

In an agreement entered into by Mr. Bunyan with his two partners, one an Ohioan and the other a resident of Canada, as soon as the process has been perfected, the plant is in working order and the first year in this location has been nearly completed permanent plans will be made. It is stipulated in the agreement that when the concern is incorporated capitalization shall be at \$125,000.

"Decision will probably be made in June," said Mr. Bunyan. "We may decide to remain here and erect a new building, or it may be considered more advisable to spend a larger part of the capital in advertising at first, and allow the present building to continue in use. We have a lease of the building for five years, with the option of the purchase at the end of a year. We may decide to ask the people of the city to take some of our stock."

May Ask For Stock

"If the citizens seem unwilling to take stock, and spring a big bunch of taxes on us, we may decide that some other place would be more suitable. Something will depend on whether we secure all the potatoes we need this first twelve months at reasonable prices. There are a good many things yet to be taken into consideration."

He went on to explain that more potatoes would be needed at the plant soon after active operations are begun. At the beginning of experimental work he purchased about one thousand bushels of potatoes. One half of that quantity have been used in experiment. The remainder will go when the machinery is started, at the rate of about one hundred bushels a day, that quantity to increase from week to week.

To Open Soon

"It is only a matter of days—fourteen, or perhaps twenty—before we will begin manufacturing the product for sale," he explained. "All hindrances have now been overcome, and we have only one possible obstruction which may delay us. Our paper boxes for packing have not yet arrived, although an order has been placed and should have been delivered ten days ago. The parts of the machinery, in its improved form, are now here, and have but to be set up and adjusted."

"Perhaps in the failure of the paper packing boxes to arrive, we might store the product as fast as made until the time when the Iowa firm with whom the order was placed, deliver the goods. I have not considered that carefully. I feel sure that all possible difficulties have been surmounted."

SPRING BROOK FLOOD SUBSIDING

Inundation of Last Week Has Left But Few Traces in the Factory Suburb.

Except for a few stretches of rich black mud, the last traces of the inundation which extended over Spring Brook Saturday have disappeared, and the residents and factory employees are congratulating themselves on the brief duration of the flood which several years has made life a burden. The canning factory which for a couple of days appeared as snow float in a lake, is now high and dry. It is no longer necessary for the Vegetato people to approach their factory by way of the railroad track. The main streets are again passable. The rapidity with which the water subsided is taken to indicate that the frost is practically all out of the ground. On the flats along the river, which usually are flooded for weeks at a time, there are only a few patches of water to indicate the sudden rise of last week.

SPRING BROOK NOTES

Frank Wells, night operator at the Rock River Interlocking tower in Spring Brook, has been transferred to Western avenue in Chicago. C. H. Phillips, formerly stationed at Grand View, has taken his place.

A man was occupied at the P. Hohenadel, Jr., canning factory yesterday in packing into kegs for shipment the last of the kraut which was made during the past season. Since the factory closed down in the kraut department the product has been packed in barrels until the time when it should be called for. The last went yesterday.

Porch shades of the Vudor pattern were erected yesterday in the windows of the boiler room of the Hough plant, thereby arousing the admiration of all passers by, as well as the envy of the residents of the Spring Brook section of the city.

P. Hohenadel, Jr., returned to the city last evening from Chicago where he has been since Saturday evening

NOTICE SERVED ON PLAINTIFFS

Change of Venue Asked in the Case of J. S. and F. E. Fifield by Defendants.

A notice has been served on the attorneys for the plaintiffs in the case of J. S. and F. E. Fifield against Brown & Connors and the city of Janesville, signed by Ruger & Ruger, attorneys for Brown & Connors and F. C. Burpee, city attorney, that they will ask for a change of venue or that another judge be called in to try the case. The proceedings are on account of the application of Fifield Bros. for a permanent injunction against the issuance of bonds for the improvement of Wall, Marion and Franklin streets. A temporary injunction has already been issued against the issuance of these bonds or making any assessment against the abutting property. The motion will come up for hearing on the 18th or as soon thereafter as it can be heard.

FIRE PARTIALLY DESTROYS HOUSE

Run of the Department Was Delayed by a Freight Train.

A house owned by Mrs. Charles W. Allen and occupied by George Schumacher and family, located between Pearl and Chatham streets, near Mineral Point avenue, was badly damaged by fire last evening.

An alarm was rung in about seven o'clock from box 17 at the corner of Mineral Point avenue and Chatham street and the department made a quick start for the scene. They went all right until they reached the Jackson street crossing. Here they found a long Northwestern freight standing across the street, blocking further progress. The firemen requested a brakeman to open the crossing for them, but he did not do it hence the two hose wagons were held there about five minutes and were finally forced to turn around and go down onto Franklin street and go under the viaduct. They not only lost several minutes of valuable time but had to go about four blocks out of their way. The street crossing was held by the train for a long time after the department had gone around by the way of Franklin street. The blocking of the Jackson street crossing last night made considerable difference in the amount of damage done to the burning building. When the department reached the fire they found it was in a frame building that had been a paint and carpenter shop and had been remodeled into a dwelling house. The flames got a good start before the department arrived, and it took considerable hard work with two streams of water to subdue them. The building was damaged about \$300 and the loss on household goods is about \$100.

PLEASANT PARTY

Delightful Evening Is Spent at the Klenow Home.

Last evening about forty of the friends of Mr. and Mrs. William Klenow gathered at the home on Milton avenue and joined with them in the celebration of the thirty-fifth anniversary of their marriage. The Mannerchor of St. John's Lutheran church was present and rendered several vocal selections during the evening which added very materially to the pleasure of the evening. A choice luncheon was served and enjoyed by all after which the guests departed for their homes not forgetting however to leave behind them a large number of gifts of fine linen as remembrances of the occasion and their friendship for Mr. and Mrs. Klenow.

"Casey's Troubles"

Alfred Keley's great comedy, of "Casey's Troubles," which will shortly delight our theater goers, is by no means a new play, but has been thoroughly renovated and brought up to date by Mr. Keley. Our older citizens will doubtless remember the late Lillian Kennedy, one of America's most talented actresses, who starred in the production, with immense success, some ten years ago. The present season inaugurates the appearance of the talented Kennedy children, Iris and Helen, two of the brightest juvenile artists the American stage has ever welcomed.

The veteran journalist and oldest correspondent of the New York Mirror, William H. McGown, said of these children: "They, indeed, have a wonderful future. Their talent is marvelous." "Casey's Troubles" is our next attraction, March 12, and those who want good seats should secure them early.

...Forty Years Ago...

Janesville Daily Gazette, Tuesday, March 10, 1863.—At a meeting of the democratic association in New York city, on Tuesday evening, speeches were made by John McKean and James Brooks, in favor of the right of secession and against the "wicked war" to put down the rebellion. The audience hissed the name of the president frequently and loudly applauded every reference to the "gallant" state of South Carolina, the "state which dared to vindicate its rights, as a free and sovereign state should."

A bill has been introduced in the Missouri legislature, and ordered printed, for the gradual extinction of slavery in that state. It provides that all children born of slave mothers after the fourth of next July shall be born free. It also provides for the future care of such children until they shall reach the age of twenty-one.

There are conflicting reports about the Indianola. One says we have captured her, and another that the re-

ARE COMPLETING REVIVAL PLANS

THE VARIOUS COMMITTEES HAVE BEEN APPOINTED.

TO HOLD SPECIAL SERVICES

Cottage Prayer Meetings This Week To Be Followed by Three Union Services.

Preparations for the coming revival are progressing in a manner that is most satisfactory to those who are most deeply interested in the arrangements. Details are in the hands of a large executive committee which consists of the pastor and two members of each church. The committee includes the Rev. J. T. Hender son, Edward Ruger and James Shear er from the Presbyterian church; the Rev. Richard M. Vaughan, C. D. Child and Wilson Lane from the Baptist church; Rev. J. H. Thippett, J. L. Hay and Dr. E. E. Loomis from Court St. M. E. church; Rev. Robert C. Deni son, J. A. Craig and Elias Heller from the Congregational church; Rev. W. W. Warner, Dr. F. T. Richards and W. I. Rothelmer from the First M. E. church.

A meeting of this committee has been held and the sub-committees appointed. These sub-committees include one member from each church and each committee will elect its own chairman. The list of committees which has been appointed is as follows:

The Sub-Committee Finance committee—J. A. Craig, S. B. Hedges, Wilson Lane, S. C. Burnham and R. M. Clark.

Advertising committee—H. F. Bliss, C. D. Child, B. C. Jackson, S. B. Lewis and W. J. Cannon.

Ushers—J. F. Wortendyke, C. S. Cleveland, J. L. Hay, W. A. Hall and W. E. Clinton.

Music committee—Mrs. J. G. Rexford, J. S. Taylor, Archie Crawford, G. M. Brace and Mrs. Fanny Clark.

The devotional committee consists of the five pastors of the Congregational Baptist, Methodist and Presbyterian churches, under whose auspices the revival will be held.

Cottage Prayer Meetings Plans have also been made by the executive committee for the preparatory services to be held before the coming of the Rev. Blederswolf. This week on Wednesday and Friday evenings, cottage prayer meetings will be held at thirteen homes located in various parts of the city.

Union Services These cottage prayer meetings will be followed by a series of three union prayer meetings to be held next week just preceding the coming of the revivalist who begins his work here on Sunday, March 22. The first union prayer meeting will be held at the Presbyterian church, Wednesday evening, March 18. Thursday evening the meeting will be at the First M. E. church and the final union prayer meeting will be held at the Court St. M. E. church.

WERE QUIETLY WED

Miss Alice Dabson and Joseph Church III United in Marriage.

There was a quiet wedding at the parsonage of the Congregational church on Monday afternoon at 5 o'clock when Miss Alice May Dabson and Joseph Churchill, both of this city, were united in marriage. The ceremony was performed by Rev. Robert C. Denison and the happy couple were accompanied by Mrs. Calmross as a witness.

Both the bride and groom are well known in this city, the bride having made her home here for some time although her parents reside in Footville. The groom is in the employ of C. C. MacLean and he and his bride have the best wishes of many friends.

FRANK THOMPSON BREAKS HIS LEG

Veteran Porter at the Myers House, Had a Painful Accident Last Night.

Frank Thompson, the veteran porter at the Hotel Myers met with a bad accident yesterday and as a result is laid up at his home on Gold street, with a broken leg. Just how the accident occurred is not known exactly but it is supposed he fell out of the chair while asleep and his weight coming on the left leg which must have been drawn up under him broke it about three inches above the ankle. Dr. James Gibson was summoned and set the injured member after which the patrol wagon was called and the injured man was taken to his home.

ARE BUSY MAKING CONVENTION PLANS

Modern Woodmen Picnic Association Will Meet in This City on Thursday, March 19.

Modern Woodmen of Janesville are making preparations to entertain the annual convention of the Southern Wisconsin and Northern Illinois Picnic association of Modern Woodmen of America. The convention is called in this city on Thursday, March 19, and about 125 delegates are expected to be present.

Banquet and Business

There will be an all day session of the convention, the delegates meeting at 11 o'clock for the purpose of organization. In the afternoon the business meeting will be held and between the two sessions a banquet will be served by the local lodge in honor of the visiting delegation. The banquet will be given in West Side Odd Fellows' hall and the sessions of the convention will be held in the city hall. A program of toasts will follow the banquet.

This convention is held for the purpose of making preliminary arrangements for the annual Woodman picnic of 1904. These arrangements consist principally in the election of officers for the coming year and in the selecting of the place at which the 1904 picnic is to be held.

This Year's Picnic Plans for the 1904 picnic which is to be held in this city during the first week of next June are in the hands of the present officers of the picnic association. F. P. Starr, of this city, is the president of the association and he is now busily engaged in selecting the various committees which will have charge of the picnic. There are a large number of these committees but Mr. Starr expects to complete his list of appointments in the near future.

DOUBLED THE CONTINENT

Louis James and Frederick Warde in The Tempest Here Soon.

Mr. Augustus E. McCune, the business manager of that famous combination, Louis James and Frederick Warde, is in the city paving the way for the appearance of his attraction at the Myers theater on Wednesday, March 18.

The vehicle used this season to display the talents of these capable players is "The Tempest," Shakespeare's last and greatest play, although the least produced of any of the Bard of Avon.

Mr. McCune easily explained the cause of so few presentations by showing the great amount of money needed to give it a correct scenic investiture.

The characters in the play are airy, its local wonderland so with such a background the scale for scenic investiture is readily apparent.

Mr. McCune states that his company is the only one that has ever doubled the continent in one season and the business has been unprecedented.

Mr. James and Mr. Warde are supported by a company numbering forty-seven people, comprising many famous players and their appearance on Wednesday night next will mark an epoch in the theatrical annals of Janesville.

The Viaduct: Assistant Chief Engineer Finley of the Northwestern was in the city yesterday in consultation with the city engineer and the aldermen of the Fifth ward in regard to the Galena street viaduct. The viaduct will be built according to the plans first submitted and not three feet higher as the company desired.

MILWAUKEE CLUB WANTS A CONTEST

M. A. C. Asks a Basket Ball Game with the Local Y. M. C. A. 'Five.

One of the most sincere compliments paid the basket ball team of the Young Men's Christian Association is a letter received by Athletic Director Mack from T. M. Spence, manager of the Milwaukee Athletic club five. Mr. Spence whose communication is dated last week, says that he understands that the local association has a strong team, and asks for a date at some time in the near future.

For several reasons the out-of-town schedule of the association team has been necessarily terminated, and the game proposed with the Milwaukee Athletics is out of the question. Nevertheless the local players feel that it was no slight honor to be asked to arrange a match with the Cream City club whose track representatives so narrowly missed securing first place at the A. A. U. meet last Saturday.

New Way to Polish a Stove.

No Waste—Odor—or Dirt.

By sprinkling Sifter Stove Polish on the stove and then rubbing with a damp rag and gently brushing with a dry cloth, a brilliant, jet black lustre is obtained. Sifter Stove Polish comes in a large box with a perforated top, through which the polish is sifted just like peppering a beefsteak. Sifter Stove Polish is made of pure powdered graphite, which is not affected by fire, produces the most brilliant polish, and when applied, won't rub off. It's odorless. It never dries up. It does not require soaking in water before using. A 10 cent box of Sifter Stove Polish will polish more stoves than three times its cost in any other polish. Get Sifter Stove Polish of any dealer at 5 cents a box, a 10 cent box contains more than twice as much. Insist on the yellow label with the name.

A Layman's Lenten Sermon.

St. Matthew xix., 24.—And again I say unto you, it is easier for a camel to go through the eye of a needle than for a rich man to enter into the kingdom of God.

To the ordinary mind this would seem an impossibility for a camel to pass through the eye of a needle, and hence comes the thought that all rich men are condemned to everlasting fire and brimstone. Not so, Christ said: It is easier for a camel to go through the eye of a needle than for a rich man to enter the kingdom of heaven. The eye of the needle referred to is the small

opening that was to be found in the gates of all the oriental cities. At sunset the gates themselves were closed and all wayfarers who came after that hour are forced to enter through the eye of a needle or remain outside. The door being so small and the task so difficult but few camels were ever able to enter through it. It was only by great tugging and squeezing that an entrance is made.

Christ did not mean to discourage those holding great riches but he explained to the rich man who came to him with the question of how he should act to enter into a life everlasting by telling him to give away

his wealth and follow him. Evidently the idea that avarice and desire played a large part with the rich more so than with the poor, lead Christ to make the above remark. The Lord Jesus was a student of men. He came into this world to teach mankind to be better and worthier.

He saw that the rich gave too much of their time to accumulating more wealth and the poor who had not the desires of the pomp and vanities of this world, gave more devotion to God. He did not discourage rich men from hopes of entering into heaven but merely stated how hard it was for them to do so.

The News From County Towns.

JOHNSTOWN

Johnstown, March 9.—La grippe is prevalent in this community and several are indisposed as a result. Mrs. James Stewart and little Margaret Cogswell are the last ones to come under the doctors' care. Mrs. Chas. Gleiter is sick with a very severe throat trouble and Doctor Rockwell is attending her this week. Ed. Kitchman's children are sick with scarlet fever.

School closed Friday for a two weeks vacation.

Mrs. Shadwick of Ft. Atkinson has been spending the week with her sister, Mrs. J. Stewart.

L. A. Sherman was out from the city Thursday transacting business.

John Bailey took dinner at O. Holverson's Saturday and gave his team a rest.

A pet dog belonging to W. Hall and supposed to be suffering from hydrophobia caused quite a stir Thursday afternoon, but was killed before any damage was done.

The home of Mr. and Mrs. P. J. McFarlane was the scene of a very pleasant gathering last Thursday evening. About 30 responded to attend a progressive euchre party. The first three prizes were given Mrs. James Haight, O. B. Hall and L. Nickerson, consolation, Miss Margaret Knight. Refreshments were served and all had a most enjoyable time.

Mr. Johnson was summoned to Lima Monday by the critical illness of his mother, Mrs. Napoleon Johnson, who died the next day, March 3, at the home of her daughter, Mrs. Collins. The funeral and burial was held at Darlen, March 5.

Miss Inez Arnold came out from Janesville Saturday and her sister, May Belle, returned with her.

George Scott of Columbus is visiting at L. Nickerson's and calling on old neighbors and friends. It has been eight years since his last visit with us. He is engaged in the creamery business.

Mr. and Mrs. O. Holverson entertained their brother, Andrew Hanson, of Richmond Sunday.

Miss Tess closed her school in the Godfrey district Friday for a two weeks' vacation.

EVANSVILLE

Evansville, March 10.—News reached this city Sunday of the death of Everett Smith, formerly of this city, but for several years past of Decatur, Alabama. T. Smith was in Vicksburg, Miss., at the time of his death, having gone there to accept a position about two months ago. His brother, Ralph, of this city, has been with him during his entire illness. The funeral will be held today at Decatur. The bereaved family have the sympathy of a large circle of friends in Evansville.

Mr. and Mrs. Caleb Snashall went to Chicago Monday to transact business and visit relatives.

Mr. and Mrs. Charles S. Moore have been enjoying a few days' visit with their daughter in Racine.

Dr. Bert Biglow of Rockford paid a visit to relatives and friends in this city the first of the week.

The many friends and former pupils of Mr. C. B. Green will be pained to learn that he has been obliged to undergo the amputation of his foot at the ankle. He is at a Minnesota hospital and is doing well.

Miss Esther Ellert has been engaged by the Evansville Mercantile association to succeed Mrs. Myra Crow-Ames, as teller in the Grango bank. Miss Ellert will be warmly welcomed again into our circles.

A number of the ladies of the M. E. church gave Mrs. Harry Benny a very pleasant farewell Monday evening and presented her with a handsome set of solid silver spoons. Mrs. Benny and her family will be greatly missed in the church and community but we bespeak for them a pleasant home in Beloit.

Mr. A. A. Purkiss of Chicago university addressed a very large and appreciative audience at the Congregational church Sunday evening, under the auspices of the local union.

Dr. and Mrs. George F. Spencer last week purchased a lot nearest the business portion of the city on Main street, of Mr. S. E. Barnard. The lot has 50 rods front and was bought for \$1,650.

The receipts of the entertainment Saturday evening, under the auspices of the W. R. C. were over \$80. The play was repeated Monday evening.

The Evansville Mercantile association has purchased a large portion of the burned district in this city, and a lot of Mrs. Flora Winston for the erection of a large department store. The building will comprise six stories and a bank and will be one of the finest that can be had.

Cards are out for the marriage of Miss Charlotte Ingalls of this city and Mr. Herbert Jacob of Lake Mills, to take place the 25 inst.

SOUTH CLINTON

South Clinton, March 9.—Mr. and Mrs. Marston of Turtle Center visited here Wednesday.

The warm days and storm has put the roads in a terrible condition and

three and four horse teams were a necessity.

Mrs. Ervin Bates is one of the grip victims.

While returning from Beloit, Friday, E. C. Dresser had a serious time in consequence of his four-horse team getting down on some ice which was covered with several inches of water. After over an hour's hard work and the help of several good people he was enabled to go on his way rejoicing.

The Dorcas society are arranging a line program to be given Tuesday evening. They will meet with Miss Gertrude Nelson the following Thursday.

One of our good farmers reports hearing a robin, and seeing flocks of wild geese go northward.

Last Saturday morning about four o'clock occurred the first thunder storm of the season.

MILTON

Milton, March 10.—On Saturday evening at the Seventh-day Baptist church the Oratorio of the Creation the musical event of the season. Benefit of the college athletic association. Only twenty-five cents for a ticket. You ought to go.

J. A. Acker, formerly of Hebron, has moved onto the Doctor Borden farm east of the village.

Elijah Hudson has moved onto the G. W. Burdick place on Madison avenue.

W. J. Davis, of the Journal, and wife attended the Milwaukee meeting of the Wisconsin Press association.

Treasurer Tracy settled with the county Thursday and his return of unpaid taxes was less than twelve dollars.

President Daland will deliver his lecture on music Monday evening, March 16.

The college basketball team will play the Y. M. C. A. team of Janesville, on the evening of St. Patrick's day in the college gym. Colors, orange and green.

J. M. Pfeiffer has opened a blacksmith shop in the old gravel shop on the north side.

W. S. Jones and family, of Janesville, spent Sunday with Milton relatives.

The robin man is on earth again with his spring predictions, but the wise gardener will wait a bit before beginning operations.

Prof. Albert Whitford is expected home from Florida the last of this month.

Dr. Platts was called to Spring Grove, Ill., Sunday by the death and burial of his brother-in-law, Mr. Teft.

Vincent and Hassenger shipped three cars of live stock Sunday night.

FOOTVILLE

Footville, March 9.—The basket social at E. H. Mattice's on Saturday night, was a decided success, a liberal crowd being in attendance the proceeds netting \$13.40 and a very enjoyable time had by everyone.

G. D. Silverthorn transacted business in Janesville, Monday.

W. O. Howell, has taken the agency for Page woven wire fence for the town of Center.

The fence in the world, whoever buys the Page gets their money's worth.

Pepper & Owen will about finish packing tobacco this week.

Rev. Williams who has had a severe attack of the grip was able to fill the pulpit Sunday.

The roads in this vicinity are something terrible to ride over.

The telephone here will be extended in all most every direction this spring. The service we are getting here is giving excellent satisfaction.

After the rural delivery starts in in April there will be but one thing more lacking to make country life ideal—that is for some enterprising person or persons to start a trolley line through here.

Spring elections are again just upon us and it is the question once more, license or no license.

The missionary meeting at Ellen Strank's on Friday was very largely attended.

SOUTH TURTLE

South Turtle, March 9.—Charles Babcock and family are stopping in Mr. Johnson's house until the one is completed on the farm lately purchased of the Sidney Wright estate.

The funeral of the mother of L. A. Mosher was held at her son's home on Friday last. She has been a resident here for many years.

Some of our people have caught the grip.

Dexter Northrup is now on the gain after a serious illness.

The roads are in bad shape and our milk haulers and the postman have to go slow.

It is expected that a series of meetings will be held in the Murray school house.

All indications now point to an early spring.

KOSHKONONG

Koshkonong, March 9.—Eddie Laik came home from Milton Junction high

school the first of the week with the measles.

Leola Stedman is better and able to come home, having had an attack of the grip.

Mr. Klinghyer is sick with the grip and under the care of a doctor.

Phil Westrick and family of Milton, and Alf. Westrick and family of Six Corners spent Sunday with Fred Westrick.

Otter Creek school will close this week Friday for a short vacation.

The ladies of the Mito society will hold a social at Mrs. S. Ward's Friday evening March 13. Bananas and cream will be served with huns, cake and cocoa. Supper 15 cents. All are invited to attend. Ladies will please bring cake.

COOKSVILLE

Cooksville, March 9.—Winnie Smart of Stebbinsville was a caller on Wednesday.

Mr. Frank Newman and wife were Stoughton visitors on Thursday.

Miss Belle Rice spent Monday at Stebbinsville.

Mrs. Gertie Bartlett, and son, Verno, who have spent the past six weeks with the former's parents, Mr. and Mrs. J. Newell, returned to their home in Broadhead the first of the week.

The Whist club met last Tuesday evening with Mrs. Fred Miller and was a very pleasant gathering. The ones to carry off the honors were Belle Rice and Will Lee.

Mrs. Elizabeth Little, past worthy grand matron from Portage, Wis., came here on Thursday and on that evening constituted Fern Chapter O. E. S. and installed its officers. Fourteen members from Columbia Chapter, Evansville, were in attendance.

EMERALD GROVE

Emerald Grove, March 9.—Mr. John Scott of Columbus, Wis., visited his sister, Mrs. J. A. Jones, a few days last week.

Mr. Glenson is spending a few days with his daughter, Mrs. E. A. Loomis.

The Ladies' Auxiliary will meet with Mr. and Mrs. Elmer Van Allen on Thursday, March 19. The men are cordially invited to attend. Picnic dinner.

The members of the singing school are making preparations for an entertainment which will be given Friday evening, March 20. A large attendance is desired.

The measles are visiting the homes of J. T. Barlass, W. J. Jones, W. A. Dean and Alex. Grant.

The experience social which was held last Friday evening was not very well attended, and the sale of the quilt was postponed until some future time. Games were played in which all joined, making the older persons think of their younger days.

BROADHEAD

Broadhead, March 9.—Mr. Walter Ten Eyck and Miss Ella Evans were married at Freeport on Monday, Feb. 23. They are moving this week on P. T. Moore's farm south of Broadhead.

Mr. Eddie Evans, who is in the employment of Kemp, the architect of Beloit, was home for a couple of days last week to be present at the marriage of his sister.

M. W. S. Fleck is again on the road in the interest of McCormick binders.

Born—to Mr. and Mrs. Ed. Beck, on Sunday morning, March 1, 1903, a daughter.

Miss Jessie Tracy of Oakley and Mr. Ira Blasdel, of South Wayne were married at Freeport, Feb. 18, 1903.

Mrs. Jessie Lyman, of Spirit Lake, Iowa, is visiting Mrs. Amanda Barmore and other friends.

Mr. Rex Bucklin has returned from Peconica, where he has been working in the express business for his uncle.

Mrs. Fred Bolander, of Monroe spent last Thursday with Mrs. D. E. Hooker.

Mr. and Mrs. Hiram Bowen will celebrate the fiftieth anniversary of their marriage on Friday, March 13. Invitations with handsome embossed gold letters are out for a reception during the afternoon and evening. Mr. and Mrs. Bowen have many friends who wish them many added years of life together.

Mr. F. P. Northcraft and son, Mr. Myron Northcraft, visited with relatives in Juda Friday.

SHOPIERE

Shopiere, March 9.—The heavy rain early Saturday morning filled Turtle creek to overflowing. About one o'clock Saturday afternoon the ice broke up in the dam and up the creek causing the water to rise very rapidly, overflowing the lower lands along the creek. It stopped all travel between this place and the Canada side for about two hours. Not much damage was done the ice was so rotten. All the ladies in the place were out on the bridge taking in the sights.

Owing to the bad roads there were

(Continued From Page 6.)

After Sickness

Take Vinol—Our Great Strength Creator.

IT GIVES ONE A SPLENDID APPETITE.

AND QUICKLY REBUILDS THE SYSTEM.

We Will Refund the Price of Vinol if It Fails.

The worst part of sickness, frequently, is getting over it.

The patient's strength is depleted, his system is generally demoralized, relapses are continually feared, and naturally.

The one thing to aid recovery is to give the patient that which will enable him to get strong, and at the same time give strength direct to the different organs of the body.

Nothing will do this like Vinol.

It acts directly on the stomach, creates a healthy appetite, and enables the digestive organs to obtain the necessary elements to increase the weight of the patient and to make new healthy flesh and muscle tissue and pure, rich, red blood.

The following is a letter showing where Vinol was taken and did good after a case of sickness. It reads as follows:

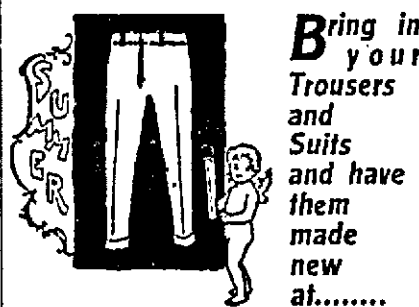

"I wish to certify to the very great benefit which has been derived from the use of Vinol in my family. My wife was very sick with the grippe and afterward was wholly run down. One bottle of Vinol placed her on her feet in better condition than she had been before in six months. I heartily recommend and endorse it."—HENRY F. STURTEVANT, 81 Huntington St., Brockton, Mass.

Everything that is in Vinol is plainly printed on the label of each package.

We know Vinol is a splendid preparation, and in many cases we have been able to see for ourselves the wonderful results it brings about.

Remember that we guarantee Vinol and refund the purchase money if you are not satisfied.

Smith's Pharmacy.

MORTGAGED CROP, THEN SOLD SAME

FARMER NAMED BURKLUND IS VERY MUCH WANTED.

BUT HE HAS DISAPPEARED

Andrew Jensen, of Edgerton, is Now Out Four Hundred Dollars in Consequence.

The city police and Andrew Jensen of Edgerton, would be pleased to know the whereabouts of a man named E. Burklund, who has been working August Baumann's place on Mineral Point avenue and disappeared from this city last Sunday.

Nothing particular was thought of his disappearance at first as he had gone away in the same manner several times before and left his family to search for him. This time however, it seems he had a motive to get out of town as soon as possible and appears that during the past summer leave no trace of his whereabouts. It Burklund has been engaged in raising tobacco on Mr. Baumann's farm and had given a mortgage of \$400 or the crop to secure him for money advanced during the time he was raising it. Some time ago he sold the crop to Andrew Jensen, of Edgerton. He told Mr. Jensen the crop was free from all encumbrances and delivered it at Edgerton on Thursday and was given a check by Jensen for \$561, which he brought to Janesville and had cashed at the Rock County National bank. Friday morning he left home and since that time no trace of him has been found.

His wife complained to the police about his absence and told about his selling the tobacco. When Mr. Baumann heard that Jensen had paid Burklund for the tobacco he at once notified him that he had a mortgage of \$400 on the crop and should look to him for his pay.

Jensen came to Janesville yesterday to investigate the matter and found that Mr. Baumann's mortgage was on file and had not been paid. As the matter now stands he will either have to pay the \$400 to Mr. Baumann or give up the tobacco. Mr. Jensen has the police force at work on his case and if Burklund is located he will be brought back for trial for selling mortgaged property. He has been talked up in two or three scrapes before, but each time has succeeded in settling matters and escaping prosecution. It he is caught for this deal he is likely to be severely dealt with.

REMINISCENCES OF AN EARLY SETTLER

J. McMichael, of Beloit, Tells of His Coming to Rock County Sixty Years Ago.

J. McMichael, of Beloit, was in the city today and recounted some of his early experiences. Mr. McMichael is past seventy-nine years of age and came to Rock county in 1841, the year of John R. Polk's election to the presidency.

He made the trip west by water from Niagara county, N. Y., to Racine on the old Constitution, the last trip she ever made, and the voyage was a stormy, dangerous one. The old boat was condemned by officials when it reached Chicago.

Mr. McMichael says that Janesville didn't amount to a great deal when he first reached the city in 1844. Two hotels, a few stores and a number of houses comprised the city. Mr. McMichael was offered two lots just south of where the Myers House now stands at \$25 each but he said he would not have given \$25 for the whole sand hill at that time. He located on Rock Prairie and lived there for over forty years, going from there to Clinton where he has lived until recently.

NEWS OF THE CITY IN BRIEF.

Special Communication: There will be a special communication of Western Star Lodge, No. 14, F. and A. M., this evening at Masonic hall.

Start on Southern Trip: Mrs. C. S. Crosby and daughter, Miss Louise, left this morning for Washington, D. C., and from there they will take a trip through South Carolina. They will be absent from home about six weeks.

Repairing Washout: A carload of laborers that have been repairing the washout on the St. Paul line near Juda, were brought here today and put to work in the gravel pit.

New Freight Law: A new freight law was put in force in this city on March first by both railroads, to the effect that all freight charges on cars whether unloaded or not, has to be paid the day the car arrives or the day after.

Judgment Given: A judgment of foreclosure was entered Monday in the circuit court in the case of Mary A. H. Eldredge and Wm. M. Eldredge administrators of the estate of B. B. Eldredge, deceased, vs. Henry Zimmerman and Clementine Zimmerman et al, for the sum of \$1157.68 and costs. The judgment covers lot 11 Millmore's addition to Janesville.

La Grippe

He left his office—so his story ran—about 11 a. m., with every indication of serious illness, and repaired to the office of an Osteopath, who gave him a treatment and sent him home. Then at 7 p. m. of the same day, his fever ran up to 104 and he became delirious. The Osteopath was sent for and he gave the patient a second treatment, which brought down the fever and induced perspiration in two hours. The patient then received two treatments a day for four successive days, after which he was able to leave his room, and in six days from the beginning of his attack he was back at his work. He affirms that he had la grippe in one of its worst forms, and he believes his recovery under osteopathic manipulation was much speedier than it would have been by the administration of drugs.

NOTICE.

The Gazette is willing and pleased to publish all notices of lodge or society meetings, but it has found it necessary to make the rule that all such notices must be written and left at the office before 11 o'clock of the day they are to be published. In the future no notices, except paid ones, will be received over the telephone. GAZETTE PRINTING CO.

FUTURE EVENTS

Twilight club banquet and meeting at the Y. M. C. A. auditorium on this evening.

Inter-class contests at the high school Tuesday and Wednesday afternoons.

Baptist church supper in the church parlors this evening.

Fish supper, served by the W. R. C. and G. A. R. hall, Wednesday evening.

Meeting of the women of the city for the purpose of establishing a rest home for farmers, at the city hall on Wednesday afternoon at 3:30.

Benefit dance under the auspices of the Royal Neighbors of America at West Side Odd Fellows' hall on Wednesday evening.

LODGE MEETINGS TONIGHT

Janesville City Lodge, No. 90, I. O. O. F. at West Side Odd Fellows' hall.

Janesville Lodge, No. 54, P. O. E., at Knights of Pythias hall.

Nels, the well-known shoe repairer has established his shop with D. J. Luby & Co. Nels is well-known and popular and for years was at the Spencer store.

M. A. Edgington, who has conducted a blacksmith shop on Park street has moved into his new place of business on North First street, opposite Anton Behrendt's, proprietor of the Union house, where he will be pleased to see his many patrons.

Amos Rehberg is home from a business trip to Chicago where he made the purchase of a large stock of spring clothing and shoes.

Officer John Brown was called to the home of Orville Church, 304 West Bluff street to shoot a dog belonging to the family. The dog was one of the number bitten by Joseph Echlin's dog last week. He has been tied up since that time and so far had shown no signs of being mad. Although the dog had been a family pet for a long time, Mr. Church concluded it was best not to take any chances of his going mad so had Officer Brown shoot him.

JOSIAH ARNOLD IS FOUND DEAD IN BED

Aged Resident Passed Away During the Night—Death Caused by Heart Trouble.

Josiah Arnold, one of the prominent residents of this city, was found dead in his bed at his home, 155 South Wisconsin street this morning. Death resulted from heart failure, with which Mr. Arnold had been a sufferer for years. He had been especially feeble since Friday and had taken his meals in his room. This morning when Miss Clup, housekeeper for Dr. Fox's family with whom Mr. Arnold resided, went upstairs with his breakfast she was shocked to find that Mr. Arnold had passed away.

Death must have come between midnight and eight o'clock as Dr. Fox saw the light burning in Mr. Arnold's room shortly after 12 o'clock last night. He doubtless passed away in his sleep.

Deceased was eighty-two years of age last November and had resided in this city for many years. Previous to his coming to Janesville he was engaged in the lumber business in the northern part of the state. For a time after coming here he carried on a real estate and insurance business but feeble health has kept him from active duties for some time.

He leaves three sons, Edward Arnold, of Chicago; Fred Arnold, who lives in Dakota; and Harry Arnold, of New York city. Telegrams have been sent to the bereaved sons and no arrangements for the funeral will be made until word is received from them.

Davis-Bradt

At 1:30 o'clock this afternoon Rev. Robert C. Denison, pastor of the First Congregational church of this city, performed the ceremony that united John Bradt and Miss Lillian Davis of the town of Bradford as man and wife.

Both of the young people are well-known in the town in which they reside and their numerous friends will extend congratulations and wish them a happy future.

CURRENT WAS TOO POWERFUL

ELECTRIC LOCK OF INTERLOCKING STATION WORTHLESS.

INTERURBAN CURRENT ESCAPE

Chief Electrician of Road Pronounces the Difficulty Too Great To Be Overcome Now.

Although the rails on the tracks controlled by the Rock River Tower in Spring Brook are still bonded, the batteries controlling them have been emptied, and the electric locks which they were intended to connect are powerless. The system was installed some weeks ago, to complete the interlocking system. The electric lock makes it absolutely impossible to wrongly set a derail. It gives absolute notice of the position of a train from the time it reaches the first derail until it passes the last. A sleepy operator could not change a lever while the train was between rails—a thing that has been done at various times in the history of railroading, and nearly always with disastrous result.

Electric Current Too Strong

With the electric lock in service errors were impossible. Many days were occupied in installing the system, but when it was at last completed, it was found to be inefficient to such a degree that it was practically worthless. Chief Electrician Clauson of the Milwaukee road made a special trip to this city to look over the situation, and it was at his suggestion that the batteries were emptied and the system allowed to stand idle.

The powerful electric current of the interurban road, allowing an escape by way of the rails of the R. B. and J. road to those of the C. M. & St. P. caused the trouble. The current made it impossible to control the current of the lock system.

Block Wire Affected

In the same way, although not to so great a degree, the block wire from the signal tower to the depot at Janesville is affected whenever a passing car is within a distance of about half a mile of the tower.

It is not believed that the lack of the electric lock will in any way lessen the efficiency of the interlocking signal system, so as to render travel in the least degree hazardous on that account. Some way of overcoming the difficulty may yet be found, as the wiring and the electric connections have not been removed, but the experiments thus far show that the interurban current is too powerful an electric factor to be overcome by any ordinary batteries.

GAVE UP SKIN FOR A FRIEND

Six Young Men Submit to an Operation to Aid a Wounded Comrade.

A case of successful skin grafting was performed on Sunday by Dr. Jas. Gibson on Burt S. Otis of the town of Rock who had his arm taken off in a corn shredder some time ago. The young man has been getting along nicely since the arm was amputated but it was found to be necessary in order to a healthy covering for the wound that skin be grafted on it.

Six Friends

Sunday six young men, all friends of the injured man came to his home and each submitted to the operation of having two square inches of skin removed from the back upper arm.

The skin to be removed from the men for the operation had been treated to have it in a perfectly healthy condition so that there would be no trouble about its growing to the wound.

Much Skin

It took about twelve square inches of skin to cover the wound and each of Mr. Otis' friends contributed about two square inches of his skin to help him on the road to recovery.

They underwent the ordeal of having the strip of flesh taken off without a murmur, knowing that they were submitting to it to help out a suffering comrade.

Used Antiseptics

The skin secured in this way was carefully treated with antiseptics before being placed on the wound to do away with any chance of blood poisoning, and Dr. Gibson feels satisfied that the operation will be a success.

It takes a good deal of courage for a man to stand the ordeal of having the flesh cut from his body, but there are always those who are ready to undergo considerable suffering to help a friend.

THE NEW SHOE STORE

Opened By D. J. Luby & Co. At No. 53 West Milwaukee Street

If one is to judge from the liberal amount of patronage that has been accorded the new shoe firm of D. J. Luby & Co., during the past three days it is quite evident that many people in Janesville have been awaiting the opening of the new store. Although D. J. Luby were not supposed to be open Saturday they had all of the business that three clerks could attend to from early till late. The new store is a model one in every respect, and the management have spared no pains in making it a cosy and most inviting place. The location is most central being the former Wide Awake stand, near the corner of Milwaukee and River streets. The stock carried will be the very best that is to be obtained for the money. A special line of \$2.50 and \$3.00 shoes for men and women will be handled as well as the famous Hagan & Son and Regent shoes for men. The new firm have the best wishes of friends in all portions of the city and county.

Cleaning Streets: Street Commissioner Fredericks has a large force of men at work cleaning up the winter's accumulation of dirt on Main and Milwaukee streets.

NEWS OF A PERSONAL NATURE

BEAUCHAMP IS GREAT TALKER

LECTURER AT Y. M. C. A. CAPTIVATES AUDIENCE.

"TAKE THE SUNNY SIDE."

His Talk Was Witty, Yet Full of Sound Common Sense—Pleasant for Home.

J. C. Kline encountered a strange personage last evening in Lou J. Beauchamp, the genial lecturer who for ninety minutes kept a crowd that filled the Y. M. C. A. auditorium to overflowing in alternating spasms of laughter and serious thought. At the close of the lecture the business arrangements were concluded in the office of the association building. Mr. Kline handed to the "Laughing Philosopher," as Mr. Beauchamp is called, a roll of bills with the observation:

"You'd better count that."

"If you can't count, you'd better go to school," growled Mr. Beauchamp and thrust the bills into his pocket unexamined.

After a few moments of conversation this trustful individual rose to go, and Mr. Kline said, "That was a very good lecture you gave us."

"I am glad you liked through it," was the surly rejoinder of this man who possesses wondrous power to drive others to smiles, but prefers himself to preserve a gruff and ungracious exterior, which, however, only scantily veils a sweet and sunny nature.

Interesting Subject

Take the Sunny Side, was the subject on which Mr. Beauchamp last evening spoke. His central theme—Home—was masterfully handled. Sound preaching was the warp through which he wove a woof of delicious humor. So skillfully were they intermingled that the resultant fabric convinced while it charmed, and induced outbursts of laughter at the same time that it led to deeper and more serious thinking.

How to make home the best place on the face of the earth might properly be the title of the lecture. Home was extolled as the sunniest, the safest, the happiest spot on earth. To use the language of his press agent the lecture was teeming with "poetry, pathos, eloquence and pure clean fun."

A Happy Combination

No one of these elements was in the predominance. The lecture was in every respect one of the most entertaining that has appeared on this or former Y. M. C. A. entertainment courses, and at the same time it contained many a sound and pertinent suggestion as to the ways of living which make for morality, happiness and success.

It was one of those rare addresses which points a moral without giving offense, and leaves its impress whether or no. Mr. Beauchamp's stories were inimitable, and his word pictures striking. Altogether his appearance was a grand success and he can be assured a hearty reception whenever he comes here again.

Many Strangers Present: Among those from out of the city who attended the funeral of the late W. H. Abbott were Supt. J. P. Cantillon, Winona; T. J. Cantillon, Waukegan; Jos. Cantillon, Milwaukee; Jas. McGuire, Thos. McGuire, Chas. Watson, Wm. Watson, John Hemmerle, Chicago; Mr. and Mrs. John Kearns, Mrs. Patrick Holleran, M. J. O'Mara, Milwaukee.

FEAR FLOODS IN THE SOUTH

HEAVY RAINS ARE LOOKED FOR

Should They Come the Entire District Would Be Inundated, Adding Greatly to the Damage Already Sustained by the Residents.

St. Louis, Mo., March 10.—With the flood waters of the Mississippi river from Cairo to New Orleans within a few inches of the greatest depth on record, bottom lands submerged for miles, residents of the valley fleeing to the bluffs in boats or wading through ice-cold currents and with levees groaning under the weight of an almost resistless torrent, the government weather bureau reports that heavy rains are in sight and that the rivers above are likely to send down an additional deluge by Wednesday. Residents of low-situated river cities and towns are reported to be in a panic over the outlook.

Damage Is Great.

In addition to the threatening danger to life and property in the Mississippi valley the dispatches show serious floods in the valleys of the Missouri, Ohio, Arkansas, Red, Platte, Wabash and many other smaller rivers. Great damage has been wrought and indications show that the worst stages have not been reached. Bridges have been wrecked, with a consequent demoralization of railway traffic.

Forced to Flee.

One hundred families living below Alton have been rendered homeless and many have lost their belongings as a result of the rise in the Mississippi. Hundreds of farmers living in the lowlands about Harrisburg, Ill., have been forced to move by the rising of Salome and Bankston creeks, some abandoning stock to the flood.

May Cut Levees.

Natchez, Miss., March 10.—Anxiety is at a strong tension through fear that the levees may not be allowed to show their strength, as it is possible a cut at some place will be made to save property on the other side of the river.

River Is Rising.

Cairo, Ill., March 10.—The river is gradually rising. It is expected that the gauge will show 50 feet by Wednesday. Reports from the country below Cairo say that people are removing to places of safety and all live stock is being driven to high ground.

Situation at Memphis.

Memphis, Tenn., March 10.—The levees on both sides of the Mississippi are being strengthened at all weak points and at such places as will be subjected to the greatest pressure and most danger when the flood is at its height. Government boats are patrol-

ling the river and men on foot are patrolling the embankments watching for suspicious or threatening developments of any character.

PRAYER ANGERS DEMOCRATS

Utah Minority Tries to Oust Chaplain Who Pleads for Its Members.

Salt Lake City, Utah, March 10.—A special prayer for minority or Democratic members of the lower branch of the legislature by Chaplain Porter provoked the wrath of the Democrats, who introduced a resolution dismissing him from further service in the house. It was defeated by a strict party vote.

Free Mme. Humbert's Sister.

Paris, March 10.—Mlle. Maria Daurignac, who figured in the Humbert frauds, and who was arrested in Madrid with the other members of the Humbert family, was released, the physicians having decided that she is suffering from hysteria.

James H. Blount Is Dead.

Macon, Ga., March 10.—James H. Blount, for twenty years a member of Congress from Georgia and afterward Commissioner Paramount to the Hawaiian Islands, in the second Cleveland term, died here of congestion of the lungs.

Card Game Causes Murder.

Waterbury, Conn., March 10.—Vincenzo Sanzerzara, an Italian, has been arrested charged with the murder of a fellow countryman, Tony Glinera. The murder was the result of a game of cards.

Bishop Lifts Ban on Schools.

Berlin, March 10.—Bishop Korum of Treves has withdrawn his edict forbidding Catholic parents to send their children to non-Catholic schools on pain of being refused absolution.

Squadron Off for Naples.

Messina, March 10.—The American squadron, consisting of the Chicago, Cincinnati and Machias, has left Messina, bound for Naples.

IS RICH AFTER CENTURY'S WAIT

Earl Ellesmere Gets Property Left by Duke of Bridgewater.

London, March 10.—Earl Ellesmere has become one of the richest men in England as a result of a stipulation in the will of the last Duke of Bridgewater that all his immense properties should be held in trust and nursed until a century exactly from the hour of his death, when they were to go to the rightful heir. Lord Ellesmere is that heir.

INDIANA ASSEMBLY ADJOURNS

Governor Has Signed Ninety Bills and Will Pass on Forty-two Others.

Indianapolis, Ind., March 10.—The sixty-third general assembly adjourned yesterday afternoon at 5 o'clock. Governor Durbin signed ninety bills and has forty-two yet to act on. The session passed a law compelling the use of voting machines in the four largest counties and increased the governor's salary to \$8,000.

GET RECOGNITION FROM PORTE

Turkey Permits Naturalized Americans to Leave the Empire.

Constantinople, March 10.—The United States legation has finally obtained official recognition of the rights of the wives and children of Armenians who have become naturalized Americans to leave the empire. They are now able to join their husbands and fathers in the United States without hindrance. The council of ministers has agreed to recognize the American educational, charitable and religious establishments and they are now awaiting imperial approval.

STUDENT IS HEIR TO \$500,000

Young Hawaiian Gets Large Slice of Aunt's Estate.

San Francisco, Cal., March 10.—W. H. McComber, a young Hawaiian who recently took up his residence in this city with the intention of entering the University of California, has received word that by the death of his aunt, Mrs. W. J. Barris, at Worcester, Mass., he has fallen heir to \$500,000. His aunt's estate amounts to about \$3,000,000. McComber left for Worcester to attend to the settlement of it.

GIVES RELIEF QUICKLY

Regular Use of Hyomel Cures Most Stubborn Case of Catarrh.

No other medicine gives such prompt relief as Hyomel in the treatment of catarrh.

The first breath of this remedy soothes and heals the irritated, and smarting air passages, and the regular use for a few days or weeks will cure the most stubborn case. Some of the reports from those who have been cured of catarrh by Hyomel read like miracles.

John S. Gray, of Redmon Hills, Pa., writes: "I am 82 years old and have suffered with catarrh in the head for 25 or 30 years. I have doctored with many specialists and they have all told me that the disease was incurable on account of my age. After using Hyomel a short time I was greatly benefited, and can now say that I am entirely cured. It has been six months since I stopped using the remedy and I still remain cured."

In nearly every town and village of the country can be found those who have been cured of catarrh by Hyomel. In Janesville there are probably over a thousand people whose health have been restored by this remarkable treatment.

The People's Drug Co. have sold package after package and every one has been with their personal guarantee to refund the money if it did not cure. Only two outfits have been returned and in each instance the money was paid back without question.

You run no risk whatever in buying Hyomel and your word decides the question as to whether you pay for the remedy or not.

Can you afford to suffer longer with catarrh when you can buy a guaranteed treatment on this plan?

A girl's "complexion" may be stamped on her lover's heart, but most of the "complexion" comes off unless put there with Rocky Mountain Tea. "Powder's a bad thing." 35 cents. Smith Bros.

A CARD.
We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

MYSTIC WORKERS OF THE WORLD.

The Popular Secretary

of a Lodge in Greenwood; Ind.,

Tells of His Cure By

Paine's Celery

Compound

EARTH'S BEST SPRING MEDICINE

Spring showers, warm and glowing sunshine and bright skies cannot contribute to the pleasure and enjoyment of the sick and diseased to any extent. Pain, anxiety, gloomy fears and the thought of death all combine at the present time to make the lives of such dark and miserable.

Are you debilitated, nervous, sleepless, dyspeptic, rheumatic or tormented with neuralgia? Have you dear kidney disease? Is your liver torpid and diseased? If so, Paine's Celery Compound will raise you from the fearful pit of danger. It saved the life of Mr. J. D. Leasure, of Greenwood, Ind., after the utter failure of medical specialists. You, dear sufferer, can command the use of the same Heaven-blessed medicine for your weakness and illness. It will give you what you seek for health and new happiness. Mr. Leasure, Secretary of Greenwood Lodge No. 438 Mystic Workers of the World, says:—

"I used Paine's Celery Compound for general debility, run down nervous system and an aggravated case of indigestion. I had spent over \$200 with physicians, some of them specialists, but only obtained temporary relief. I also tried all patent medicines of any note which were recommended for such cases as mine, but with no better results than that obtained from treatment of physicians. The last medicine I tried was Paine's Celery Compound, which gave me relief from the very start. I have taken nearly six bottles, and am enjoying the best of health. I can eat anything, sleep well, feel well, and am gaining in weight every day. To Paine's Celery Compound I owe my present good health."

The French-American alliance, of Marinette will celebrate July 14, the French holiday, the orator of the day being Consul General Meron of Chicago.

Bon Ami

The Finest Cleaner Made
Cleans all kinds of glass ware.

FOR SALE.

Your 1903 Bicycle

That is question now. New Tires from \$4 to \$10. Bring in your old wheel and we will make it like new.

ROY PIERSON.

33 South Main Street.

FAVORS WESTERN FOREST RESERVES WOULD PRESERVE THE TIMBER

Reesevelt's Policy Is to Encourage the Actual Settlement of the Country by Home Builders Whom He Would Afford Every Reasonable Protection.

Washington, March 10.—In view of the report from Cheyenne that the governor of Wyoming had said that his state would send an anti-Reesevelt delegation to the next Republican convention on account of the president's attitude on forest reserves in the west, Commissioner Richards of the general land office, after consultation with the president, gave out the following statement:

For Forest Protection. "The president's purpose and desire is to protect and preserve the remaining forests upon public lands from the devastations and destruction which have been the fate of those in large portions of the Appalachian mountains and in other forest sections of the country. The establishment and proper maintenance of forest reserves is indispensable to any extensive reclamation or cultivation of lands in the arid region under the recent act of congress, which appropriates for that purpose the proceeds of the sales of public lands.

Aid for Settlers. "It is and has been the president's constant policy to encourage the actual settlement of the country by home builders in every way, to see that actual settlers within the forest reserves are accorded every reasonable protection, and that those living within the immediate vicinity of these reserves who are dependent upon the reserves for grazing areas for cattle and horses and for necessary timber for building and fuel, are accorded access to the reserves for these purposes.

Against Exploitation. "The one guiding purpose of the administration in dealing with forestry, with pasturage, with irrigation, with the land generally, is to help and make easy the path of the home builder, the small ranchman, or tiller of the soil, and not to let the land be exploited and skinned by those who have no permanent interest therein, and who do not build homes, or remain as actual residents."

RAILROAD WINS.

First Discussion Under Elkins Act Favors the Defendant.

Washington, March 10.—The United States Supreme court has rendered its first opinion in an interstate commerce case, in which the Elkins act, passed at the last session of Congress, was dealt with. The case involved a question of discrimination on the part of the Missouri Pacific railroad as between places. The bill originally was filed in the circuit court for the district of Kansas in 1893 at the request of the interstate commerce commission. The case was brought in the interest of the city of Wichita, Kas., the allegation being that higher charges were made for carrying freight over the Missouri Pacific from St. Louis to Wichita than were made for carrying it over the same line from St. Louis to Omaha, notwithstanding the distance is in favor of the Wichita haul and the conditions are the same. The circuit court overruled the demurrer of the railroad company and the company appealed the case to the Supreme court, which reversed the decision. Justices Harlan and Brewer dissented.

Protest Against W. A. Day.

Washington, March 10.—Opposition is developing to confirmation of William A. Day of Danville, Ill., to be assistant attorney general. The nomination is before the Senate Judiciary committee, where charges of a personal character have been filed. It is discovered that the nomination was made at the request of the Attorney General and is based upon efficiency; that there is a political influence behind it. The Illinois senators and Mr. Cannon are not taking much interest in it thus far. Mr. Hoar, chairman of the Judiciary committee, is a liberty to delay confirmation while he considers protests that are not based upon Mr. Day's qualifications to properly discharge the duties of office.

Work of the Senate.

Washington, March 10.—When the Senate met a letter was read from President Pro Tem Frye appointing Mr. Keegan of New Jersey as president of the Senate in his absence. The oath of office was administered to James P. Clarke of Arkansas, W. J. Stone of Missouri, and Senator Gallinger of New Hampshire. Mr. Stone was escorted to the desk by Mr. Cockerell and Mr. Gallinger by Mr. Lodge. Mr. Clarke walked to the desk unaccompanied. There being no legislative business to transact, the Senate at 12:06, on motion of Mr. Cullom of Illinois, went into executive session. At 1:15 p. m. the Senate adjourned.

Political Feud.

Washington, March 10.—Joseph P. Clark of Arkansas, who took the oath of office in the Senate, marched up to the bar entirely unattended because of a personal feud of many years' standing with Senator Berry of the same state. Berry would not escort his colleague, and asked Senator Carmack of Tennessee to act in his stead, but Carmack declined, declaring that he had not been on speaking terms with Clark for six years. Then Senator Bacon of Georgia

was appealed to. He offered his services reluctantly, but Clark refused to accept his courtesy and marched up to the bar alone. Gallinger of New Hampshire and Stone of Missouri also took the oath.

Dinner to Justice Day.

Washington, March 10.—Chief Justice Fuller gave a dinner in honor of Associate Justice Day, the junior member of the supreme bench. Justice Day is ill with the grip and was unable to be present. The guests included the justices of the Supreme court, General Miles, Admiral Dewey and Judge Christian C. Kohlman of Chicago. Judge Kohlman called at the Supreme Court chamber to pay his respects to the members of that tribunal, and was warmly welcomed by Chief Justice Fuller and the associate justices.

Pan-American Representative.

Washington, March 10.—Secretary Hay, having been authorized by the Pan-American congress to appoint a special representative to carry out the recommendation of the conference held in Mexico that the United States take the initiative in developing intercontinental railway plans, has appointed Charles M. Pepper as such representative. Mr. Pepper is well known as an author and newspaper writer.

To Show Naval Prowess.

Washington, March 10.—Rear Admiral Harker will use the big battleship Kearsarge as his flagship in the coming "blockade" of Lisbon. With this mighty engine of war and the Illinois and other battleships he will show Europe the American navy is able to cross the ocean and conduct offensive hostile operations on a large scale if necessary. The admiral will entertain European naval experts on the flagship.

Transfers Justices.

Washington, March 10.—Chief Justice Fuller of the United States supreme court has transferred Justice Brown from the seventh district to the third, where he succeeds former Justice Shiras, and designated Justice Day to the seventh circuit to succeed Justice Brown.

Student Interpreter.

Washington, March 10.—A. W. Pontus of Minnesota has been appointed a student interpreter at Pekin. Mr. Pontus, under the law, is pledged to remain there in that capacity for a period of ten years at a salary of \$1,000 a year.

Quarantines New Hampshire.

Washington, March 10.—The department of agriculture has issued an order quarantining the state of New Hampshire because of the presence of the foot and mouth disease. It is said one lot of cattle has been found affected.

Acting Secretary of State.

Washington, March 10.—Assistant Secretary of State Loomis has returned to Washington and for the first time since his appointment is acting as secretary of state.

Page Morris Is Confirmed.

Washington, March 10.—The senate has confirmed Page Morris of Minnesota to be United States district judge for the district of Minnesota.

Senator Jones Is Ill.

Washington, March 10.—Ex-Senator Jones of Arkansas is confined to his bed with grip.

CHECK PUT ON STOCK YARDS

Kansas Legislature Reduces Rates and Forbids Exorbitant Profits.

Topeka, Kas., March 10.—The house of representatives has passed a bill providing that the Kansas City stock yards rates should be reduced 25 per cent and that the profit on hay and grain at the yards should not be over 100 per cent. The senate has already passed the bill and it will go to the governor for his signature. Cattlemen of the state secured its passage.

Identify Lost Vessel.

New York, March 10.—The mysterious steamer that sank Feb. 16 was without doubt the Belgian steamship Maskelyne. She became unmanageable Jan. 24, all of her fires having been extinguished by water. Jan 31 the bark Crown took off Capt. Tanner and his crew of thirty.

Would Hold Baby for Debt.

New York, March 10.—Whether or not Miss Tessie Cunningham, who conducts a boarding house, had a right to hold a three months' old babe as security for debt was quickly settled by Police Sergeant Fitzgerald. He says it was kidnapping.

Private Bank Suspends.

Delford, N. Y., March 10.—The Bell private bank has closed its doors. It held some of the papers alleged to have been forged by ex-Treasurer Woodruff of Delaware county. It was founded a quarter of a century ago by C. H. Bell.

Lieut. Bradley Is Killed.

Rock Island, March 10.—Lieut. Arthur Bradley of the first division, second ship's crew, Illinois naval militia, of Moline, Ill., who was shot and fatally injured by Arthur Finley, died in the hospital.

Hurt in Wreck.

Newcastle, Pa., March 10.—Three trainmen have been injured in a wreck near Shenango. Engineer Mosier, one of the injured, is only 26 years old.

GIDEONS HAVE A CLEVER COMPANY

All-Colored Minstrels Please a Packed House at the Myers Grand Last Night.

For unadulterated cleverness in every act of the olio, musical music, and comedians who could make good, Gideon's minstrels last evening proved their right to be ranked among the best minstrels on the road today. A capacity house greeted them at the Myers Grand.

Since the company appeared here last August, and a sterling company it was at that time, the entire production has been remodeled, but remodeled in such a way that the same framework is still in evidence but with a more handsome exterior.

All of the songs are new, but the same Gideon quartette, with its delightful harmony of the kind that only darkies can produce is still there. So are La She, the truly wonderful slack wire artist; and Harry Waters, with his side splitting imitation of a crying infant; and Sidner Harris, the imitable end man who still wears his familiar "see-more" hat and "interferes" as badly as of yore.

One of the delights of the performance was the orchestra, under the leadership of Ralph Nicholas. The musicians, negroes like all the other members of the company, have the same exquisite sense of harmony and tone that is the birthright of their race. The band which played in the street parade at noon, and in the outdoor concert before the performance ranked high among the best organizations of its class.

Nearly the entire University of Wisconsin delegation who were in this city in connection with the agricultural course trip of inspection, attended the production, and when the curtain fell on the first part of the program gave vent to their feelings in the familiar "U-rah-rah" of their school.

David Harum

There are three acts in "David Harum," and all of its scenes are laid in Homerville, New York. The play is a clever and remarkable dramatization of the book and retains everything that had any value in the story. The horse trader in the opening act is described as being one of the best and most humorous scenes ever unfolded in a purely American play. Another diverting scene, and one that wins curtain call after call shows Deacon Perkins belaboring the balky horse while the rain comes down on him in torrents. At Myers Grand Friday next.

CONGENIAL TWENTY WELL ENTERTAINED

Ladies Spent a Pleasant Afternoon as the Guests of Mrs. W. G. Palmer.

An enjoyable meeting of the Congenial Twenty club was held with Mrs. W. G. Palmer at her home, 153 South Jackson street, Monday afternoon. The ladies took their sewing with them and after the interesting program of current topics the afternoon was pleasantly spent in social conversation over their work.

The hostess served a delicious luncheon with pink carnations as favors. Pleasure was afforded by the novel method employed by the hostess in seating her guests at the tables. Each lady was given a card, tied with red ribbons on which was written a conundrum. The answers were found hidden in walnut shells which were at each plate and the ladies found the search for the correct answers very amusing. The place at which the answer was found was occupied by the lady whose conundrum it fitted during the luncheon.

BENEFIT DANCE

Party To Be Given By The Royal Neighbors Wednesday Evening

The benefit dance for Mrs. Mary Farrell will be given under the auspices of Crystal Camp, No. 152, Royal Neighbors of America at West Side Odd Fellows' hall on Wednesday evening. Those who have had tickets to sell are requested to be at the dance prepared to make their reports and turn over the money which they have received. The committee desires to be able to give the proceeds to Mrs. Farrell at once.

FINAL RITES WERE HELD

Funeral of the Late A. T. Olsen Took Place This Afternoon

Funeral services for the late A. T. Olsen were held from the home of Mr. and Mrs. W. S. Pond, corner of Highland and St. Mary's avenues this afternoon at 2:30 o'clock. Many of the friends of the deceased were present to pay this last tribute of respect to his memory and the floral offerings were especially beautiful. The sad service was conducted by the Rev. O. J. Kvale of Orfordville and appropriate songs were beautifully rendered by Mrs. Christine Hawley. At the close of the service the remains were taken to Oak Hill cemetery for interment, the pall bearers being S. Trulsen, N. Larson, W. H. Grove, J. H. Balch, A. G. Anderson and Martin Halverson.

Important Lodge Business:

Every member of Wisconsin Lodge No. 14, I. O. O. F., is requested to be present at the regular meeting on Wednesday evening. Urgent business demands the attention of the lodge.

Chester Page, of Augusta, Wis., Is Visiting at the home of his aunt, Mary Wool, 55 Prospect avenue.

New Way to Fight Duel.

St. Petersburg, March 10.—As dueling pistols cannot be obtained in Manchuria, Russian officers at Zikhar have invented a novel substitute. The principals draw lots and the loser is obliged to take the next train on the Manchurian Railroad. If he survives the inevitable derailing honor is satisfied.

J.M. BOSTWICK & SONS.

NEW EMBROIDERIES.

To our already very large showing we have added two late shipments of Embroideries, including the very newest things direct from the manufacturers of Europe. They were bought through the leading importers in New York, who sell us only in Janesville.

from 3/8 inches, all grades. Extra wide Embroideries for corset covers, 40c to 75c.

COLORED EMBROIDERIES...

white with colored embroidery for trimming wrappers, children's dresses, aprons 7c to 12 1/2c

"Most Comfortable Waist I Ever Wore."

So said a lady. She referred to a Shirt Waist made of Mercerized Cotton Walstings. We show a beautiful line of "Knickerbocker" shirt waists, white and white and black, few colored sheer waists trimmed with white embroidery, and all black waists made of soft fine, mercerized Batiste closely resembling India Silk. The latter, black ones, are \$2.00.

FORFEIT TITLE TO TRACTS IN KENTUCKY

Judge Cochran Holds That Patents for Over 200 Acres Are Invalid Under the State Law.

Frankfort, Ky., March 10.—Judge Cochran in the federal court has rendered an opinion in the case of Lockard vs. The Asher Lumber Company of Clarke county.

The case involves the famous Lockard patent of 1873 for 42,400 acres of land in Harlan county. Judge Cochran holds that the statute of Kentucky of 1852, which provides that a patent for a larger tract than 200 acres shall not be issued, is in effect and invalidates the Lockard patent, which the court holds is null and void.

The decision is exhaustive and wipes out every patent for more than 200 acres issued since 1852. It will have a sweeping effect in eastern Kentucky lands, where extensive patents are held by many companies and persons issued since the 1852 statute. The Kentucky court of appeals has heretofore upheld these patents. The plaintiffs reside in Indianapolis.
